Specifications and requirements

10.1.002 The organiser is obliged to respect the UCI list of specifications and requirements in terms of material and technical conditions which are applicable for the organisation of Continental Championships.

Race programme

10.1.003 The UCI must be informed about the race programmes and schedules at the latest two months before for approval. This programme must at least include the specialities and categories of riders which feature in the World Championships.

For track cycling, categories may be combined. However, in the case of a combination, a title for each category shall be awarded. Only one classification shall be made and published. The distance of the race shall always be the one of the older category (longer distance).

Technical supervision of races

10.1.004 To ensure the technical supervision of races, the UCI will directly appoint:

- a Technical Delegate, responsible for representing the UCI and for guaranteeing its interests (from 2001)
- the Chairman of the Commissaires Panel (at least and possibly other international commissaires)
- the Antidoping Inspector.

Participation

10.1.005 All National Federations affiliated to their Continental Association, and only these, can take part in Continental Championships races. The maximum number of riders taking part in the various races will be the same for all these Federations.

For track cycling, the maximum number of riders eligible for points in the Nation Ranking shall be the following. The maximum number of participating riders per nation remains to be decided by the Continental Confederation.
