In this case, if one or both teams catch their opponents, the times from the qualifying round shall be used to determine which of the two teams shall finish in the home straight.

During the finals, if one team is caught by the other, the race is over, and the catching team shall be declared the winner.

In both situations above, a pistol shot marks the end of the race at the moment on which the team crosses its finish line at the full distance or at the moment on which one team catches the other.

In the case where the total number of laps is not divisible by the indicated number of laps between sprints, the “additional” laps shall be ridden prior to the first sprint. (For example, on a 285.7m track, sprints are held every 10 laps. If the race is 56 laps, the first sprint will take place after 16 laps, and then every 10 laps thereafter).

3.2.118 The first rider in each sprint shall be awarded 5 points, the second 3 points, the third 2 points and the fourth one point. Points awarded in the last sprint after the full distance will be doubled (10 points, 6 points, 4 points, 2 points).

In the case of a tie in the sprint, the riders shall be awarded the same position, with the corresponding points for that position (for example, if two riders tie for first in a points sprint, they will both score 5 points; there will not be a second place in this case).

Any rider that gains a lap on the main bunch is awarded 20 points.

Any rider that loses a lap on the main bunch is penalised 20 points.

3.2.122 Sprints shall be run according to the rules governing sprint races.

3.2.123 [abrogated on 12.06.20]

3.2.124 [abrogated on 01.10.19].

3.2.125 When the bell is rung by the commissaire, the head of the race is defined and decisive for the awarding of the sprint points. At the moment of a sprint considered for

classification, if one or some rider(s) gain a lap, this/these rider(s) shall be awarded 20 points plus the points awarded for the sprint.

Races Stoppages

3.2.133 If the race is stopped for any reason, including if more than half the riders fall, the commissaires' panel shall determine the duration of the interruption. If the race is restarted in the same session, it shall be restarted as follows:

- The riders will restart with their already accumulated points;
- The number of laps remaining in the race shall be adjusted to indicate the number following the previously held sprint (for example, if the previously held sprint was on 40 laps remaining and the race was stopped with 33 laps remaining, the race shall be restarted with 39 laps remaining);
- All riders will start together in a single group. In exceptional cases, the commissaires' panel may decide to allow riders who were more than a half lap ahead of the declared main bunch to start a half lap ahead of the remaining riders on the track.

If it is not possible to restart the race in the same session, the commissaires' panel shall decide pursuant to the table below:

DECISIONS	
Race stopped before 40%	Complete rerun
Race stopped between 40-80%	Resume race with points accumulated/lost
Race stopped after 80%	Let results stand

If less than 80% of the race is completed by the end of the competition, there will be no final classification. No results will be submitted and no UCI points will be awarded.

3.2.161 The first team in each intermediate sprint shall be awarded 5 points, the second 3 points, the third 2 points and the fourth one point. Points awarded in the last sprint after the full distance will be doubled (10 points, 6 points, 4 points, 2 points).

In the case of a tie in the sprint, the teams shall be awarded the same position, with the corresponding points for that position (for example, if two teams tie for first in a

points sprint, they will both score 5 points; there will not be a second place in this case).

If a relay between two teammates takes place on the line during a sprint, the front wheel of the second rider will count.

The relay is considered as passed, as soon as both riders are no longer in contact.

(text modified on 01.01.02; 01.10.19)

3.2.167 When the bell is rung by the commissaire, the head of the race is defined and decisive for the awarding of the sprint points. 3.2.172 If the race is stopped for any reason, including if more than half the teams fall (calculated on the basis of one rider per team), the commissaires' panel shall determine the duration of the interruption. If the race is restarted in the same session, it shall be restarted as follows:

- The teams will restart with their already accumulated points (or laps depending on the type of race).
- The number of laps remaining in the race shall be adjusted to indicate the number following the previously held sprint (for example, if the previously held sprint was on 40 laps remaining, and the race was stopped with 33 laps remaining, the race shall be restarted with 39 laps remaining);
- The restart will be held as for a normal Madison race start. No account shall be taken of any team who were off the front or back of the main bunch at the time the race was stopped. The racing riders shall start as a single group.

If it is not possible to restart the race in the same session, the commissaires' panel shall decide pursuant to the table below:

Any riders not able to rejoin the race at this point shall be considered as eliminated and their position determined according to the time of their elimination. The bell shall be rung the following lap to indicate the start of a sprint lap.

3.2.236 During a timed Madison/chase, a team reduced to a single rider shall leave the track 10 laps before the end of the Madison/chase.

(text modified on 01.01.04)

3.2.237 The Track Manager, with the agreement of the Commissaires’ Panel, shall be entitled to create a temporary team comprising riders whose teammates have been neutralised. Such riders shall wear identical jerseys and numbers. To determine the provisional position of such a provisional team, the number of laps covered by each of the original teams from which the members of the provisional team were drawn shall be added, rounded down to the nearest even number and divided by two.

(text modified on 10.06.05; 25.09.07)

3.2.243 As it is impossible to run all teams on track together for the same race, the event has to be run in heats. The following procedure shall then apply:

- a) 1 heat with teams from the 1st half of the general classification: with 1 rider or per team: 10-8-6-4-2 points.
 - per team (one relay in mid-race): 10, 8, 6, 4, 2 points

 Apart from the final Madison/chase of the «Six-Day Race», teams shall be credited with one bonus lap for every 100 points logged.
 Bonus laps can also be given in special events like time-trials, but only if all teams are allowed to participate in the event.

(text modified on 01.01.04; 01.07.17)

- 3.2.245** All points won in the individual and team events shall count towards the general placings.

All laps won in races in which there is at least one rider of each team on track shall count towards general classification.

Laps won in Elimination races do not count for the overall ranking.

(text modified on 21.01.06)

- 3.2.246** Each day, in addition to the partial classification of the race or stage, a general classification shall also be prepared on the basis of the number of laps completed and points acquired.

All riders not qualifying to participate in the Omnium shall be placed jointly in last position. Any riders not finishing any of the qualifying rounds shall not be placed (DNF).

(article introduced on 18.06.10, text modified on 01.08.23, 01.01.25)

3.2.249 Any rider failing to attempt to start in one of the events shall not be allowed to take part in the subsequent events but shall be considered to have abandoned the omnium. He shall therefore figure last in the final classification with the provision "DNF" (did not finish).

(text modified on 01.08.23)

3.2.249 bis For all the races, riders shall be lined up in single file along the railing and in the sprinters lane in the order listed on the start list. For the Scratch Race, this order shall be based on the latest UCI Omnium Ranking. For the Points Race, Elimination, and Tempo Race, this order shall be based on the current intermediate Omnium classification.

(article introduced on 01.02.11; modified on 01.07.17; 01.10.17)

Ranking

3.2.250 A full result shall be produced for the three events. For these three events, only, each winner shall be awarded 40 points, each second place shall be awarded 38 points, each third place shall be awarded 36 points, etc.

Riders ranked 21st and below shall each be awarded 1 point.

(text modified on 20.06.14; 14.10.16)

3.2.251 Prior to the start of the Points Race, a current ranking with the points totals shall be drawn up, and riders will start the Points Race with these points accrued over the first three events. Riders shall add to, and lose points from, their points totals based on laps gained and lost, and points won in sprints, during the Points Race.

Final overall Omnium ranking shall evolve through the Points Race.

The winner of the Omnium shall be the rider who has obtained the highest total of points.

(text modified on 20.06.14; 14.10.16)

- 3.2.251 bis** Any rider abandoning any of the events shall be considered to have abandoned the omnium and shall be recorded in the final classification after the last placed rider with the provision “DNF” (did not finish) and no rank, as per article 3.3.012.

In the case of the Scratch Race and the Tempo Race, a rider losing two laps shall be withdrawn. That rider will be penalised with a deduction of 40 points in the classification of the Omnium and will be allocated the next available rank determined by the number of riders remaining on the track at this moment. If for any reason the rider is not withdrawn, they will be classified as though they had been at the point at which they lost their second lap (including the deduction of points).

(text modified on 18.06.10; 01.02.11; 20.06.14; 15.03.16; 01.10.19; 12.06.20, 01.08.23)

- 3.2.251 ter** In the case of the Scratch Race, any rider not finishing the race due to a fall in the final kilometre, or not being able to return to the track during the final kilometre, will be allocated the next available ranking (and points) considering the laps taken and the number of riders remaining on the track at this moment.

(article introduced on 15.03.16; modified on 14.10.16; 01.07.17; 01.10.17; 12.06.20)

During the final Points Race, article 3.2.133 shall be applied. In the case where less than 80% of the distance of the Points Race has been completed, but cannot be restarted, the intermediate standings after the Elimination Race will become the final classification of the Omnium.

If the track becomes impracticable after the Elimination Race has been completed, but before the start of the final Points Race, the intermediate standings will become the final classification of the omnium.

If the track becomes impracticable before the Elimination Race has been completed, no final classification will be considered for the omnium. As a result, no results will be submitted and no UCI points will be awarded for the Omnium.

If during the one-year period two national, continental or World Championships are held in the same category, only the points of the most recent one will be taken into account. Points of the continental and World championships remain on the track classification until the next edition or for a maximum period of 18 months.

The UCI may grant dispensation in case of unpredictable late change of the Elite World Championships dates.

Regional Games

3.3.010 bis

Regional games will be considered Class 1 or Class 2 competitions in accordance with the number of national federations participating:

- 5 nations and more: Class 1;
- 3 to 4 nations: Class 2;
- 1 to 2 nations: no points.

Points will only be awarded to the Regional Games registered on the UCI International Track Calendar.

When a nation is represented by several regional teams, the points will be awarded to the best rider(s) of this nation up to the maximum number of participants permitted for teams by the specific regulation of each event.

National championships

The points for the national championships are those awarded to an international competition of Class 2.

Points will only be awarded to the national championships registered beforehand and appearing on the UCI Track Calendar. The results must reach the UCI electronically after the competition is finished on the specified deadline for calculating quota for the various competitions, or the deadline for submission of results to DataRide, whichever is sooner. Results submitted after this deadline will not be considered.

When two or three nations are organising joint national championships, each nation must register their championships on the UCI Track Calendar in order to consider results distinctively for the purposes of awarding points.

Where elite and under 23 men compete in the national championships in the same event, points are awarded according to their position in the classification of the event.

For national federations organizing a separate event for the under-23 category, the points are awarded as for the corresponding elite event.

Any rider can claim the award of points in only one category by event, where applicable, his own.

Where the title of national champion for an event is awarded at an international competition, the riders, regardless of their nationality, shall be awarded the points relative to their position in the classification of that event.

UCI Track Champions League

The points for each event of the UCI Track Champions League are those awarded to an international competition of class 2. Points are awarded for each event to the specific UCI Individual Ranking per event.

Additional UCI points are awarded for the overall standings at the end of the UCI Track Champions League. Overall standings are established for Sprint events (Sprint and Keirin), and for Endurance events (Scratch and Elimination), for both categories Men and Women. Points of these overall standings are then equally divided and added to the UCI Individual Rankings. For Sprint events, points are allocated to UCI Individual Rankings of Sprint and Keirin, and for Endurance events to UCI Individual Rankings of Scratch, Elimination, Points race and Omnium, as per the following table:

3.3.012 Ranking for classification

Riders who are classified as finishers according to the specific UCI Regulations, will be ranked, and will score UCI points, according to those specific regulations.

Unless otherwise provided for in a specific provision of the UCI Regulations, riders who do not start, or who do not finish any of the events will have this indicated in their results, and will score UCI points, according to the following, based on the event type:

The reason for not finishing will be indicated by one of the following result mark:

DNS – Did Not Start: the rider did not come to the start line and did not start the race.

DNF – Did Not Finish: the rider started the race but did not finish the race due to one of the following reasons: recognised mishap, withdrawn by the commissaires, withdrawn by the race doctor

ABD – Abandon: the rider started the race but did not finish the race due to one of the following reasons: unrecognised mishap or not finishing the race by their own decision.

DSQ – Disqualified: the rider may or may not have started the race but was removed from the classification by the commissaires due to the breach or application of an article of the UCI Regulations.

A. Bunch Races

Riders who do not finish qualifying heats will be designated with one of the following depending on the reason for them not finishing: Did Not Finish (DNF); Abandon (ABD) Did Not Start (DNS); Disqualified (DSQ). These riders shall not progress to the next round of the event.

The final classification of the event shall be drawn up in groups in the following order:

1. All riders competing in the final and finishing (based on the UCI Regulations) will be ranked and will score UCI points according to the UCI Regulations.
2. All riders competing in the final and not finishing due to having been withdrawn by the commissaires (indicated as DNF) or suffering a mishap (indicated as DNF) will be given a tied ranking for the next available position after the riders in group 1 and will score the UCI points for that position.
3. In the case where qualifying heats were held, all riders competing in the final and not finishing due to abandoning the race (indicated as ABD) will be given a tied ranking of the last available position in the race, and will score the UCI points for that position. In all other cases (when qualifying heats are not organised), all riders competing in the final and not finishing due to abandoning the race (indicated as ABD) will not be assigned a rank, and score no UCI points.
4. All riders qualified for the final through qualifying heats, but not starting (indicated as DNS) will be given a tied ranking for the next available rank after group 3, and will score the UCI points for that position.
5. All riders qualified for the final but disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points.
6. All riders competing in the qualifying heats, and finishing, but not qualifying for the final will be given a tied ranking for the next available rank after group 4, and will score the UCI points for that position.
7. All riders not finishing the qualifying heats, for whatever reason (grouped first as DNF, ABD, then DNS, then DSQ) will not be assigned a rank, and will score no UCI points.

B. Keirin

Other than for riders who do not start, or who are disqualified, any riders who do not finish any of the rounds are ranked in the last place for the heat in which they were competing. They may proceed to the next round of the event, according to the UCI Regulations.

When creating the final classification of the event, no rider can be moved up into a position for which he was not competing. Some positions may therefore be left vacant.

The final classification of the event shall be drawn up in groups in the following order:

1. Riders competing in the major final and finishing (based on the UCI Regulations) will be ranked and will score UCI points according to the UCI Regulations.
2. All riders competing in the major final and not finishing due to suffering a mishap (indicated as DNF) will be given a tied ranking for the next available position after the riders in group 1 and will score the UCI points for that position.
3. All riders qualifying for the major final but not starting (indicated as DNS) will be given a tied ranking for the last available position in their race and will score the UCI points for that position.
4. All riders competing in the major final and having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these riders will remain vacant.
5. Riders competing in the minor final will be classified and ranked next, according to the same principles applicable to groups 1 to 4 above.

For each round of the event, other than those in groups 1 to 5, riders who do not qualify for the following round will be ranked as follows, with the riders taking part in the later rounds ranking higher than the riders taking part in the earlier rounds:

6. All riders finishing will be ranked according to the finish order in each of the heats and will score the equivalent UCI points.
7. All riders not finishing (indicated as DNF) will be ranked tied in the next available rank for that round of the event, taking into account riders who may have finished ahead of them in other heats, and will score the equivalent UCI points.
8. All riders not starting (indicated as DNS) will be ranked tied in the last available rank for that round of the event and will score the equivalent UCI points, other than for the first round where riders not starting will not be assigned a rank, and will score no UCI points.
9. All riders competing and having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these riders will remain empty, taking into account riders who may have received a ranking in equivalent heats.

C. Sprint

Riders who do not finish the qualifying 200m time trial will be designated with one of the following according to the reason for them not finishing: Did Not Finish (DNF); Did Not Start (DNS); Disqualified (DSQ). These riders shall be grouped first as DNF, then DNS, then DSQ. They shall not progress to the Sprint event.

Other than where there is a specific provision in the UCI Regulations, riders having started but not finished their heat (indicated as DNF), except for the case of DSQ, shall be considered to have lost their heat. Any such rider will be ranked according to the UCI Regulations as if they had lost their heat in a regular manner and will score the equivalent UCI points.

Any riders not starting a heat (indicated as DNS), other than for disqualification, will be considered to have lost their heat. In any round of the competition run over the best of 3 heats, any riders not starting will be considered to have lost that round of the event. Any such riders will be ranked according to the UCI Regulations as if they had lost their heat in a regular manner and will score the equivalent UCI points.

All riders being disqualified (indicated as DSQ), will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these riders will remain empty.

D. 1kmTime Trial

Riders who do not finish the qualifying round will be designated with one of the following according to the reason for them not finishing: Did Not Finish (DNF); Did Not Start (DNS); Disqualified (DSQ). These riders shall not progress to the next round of the event.

The final classification of the event shall be drawn up in groups in the following order:

1. All riders competing in the final and finishing (based on the UCI Regulations) will be ranked and will score UCI points according to the UCI Regulations.
2. All riders competing in the final and not finishing for whatever reason (indicated as DNF), other than for disqualification, will be given a tied ranking for the next available position after the riders in group 1 and will score the UCI points for that position.
3. All riders qualifying for the final but not starting (indicated as DNS) will be given a tied ranking for the last available position in the final round and will score the UCI points for that position.
4. All riders qualifying for the final but having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these riders will remain vacant.
5. All riders competing in the qualifying round, and finishing, but not qualifying, will be ranked with the next available rankings after group 3 and will score the equivalent UCI points.
6. All riders not finishing the qualifying heats, for whatever reason (grouped first as DNF, then DNS, then DSQ) will not be assigned a rank, and will score no UCI points.

E. Team Pursuit

Teams that do not finish the qualifying round will be designated with one of the following according to the reason for them not finishing: Did Not Finish (DNF); Did Not Start (DNS); Disqualified (DSQ). These teams shall not progress to the next round of the event.

In the final classification, teams shall be ranked according to the regulations of the event.

The final classification of the event shall be drawn up in groups as follows:

1. For all teams competing in the final round, any teams not starting (indicated as DNS), or not finishing (indicated as DNF) for any reason, will be considered to have lost their heat. These teams shall be ranked according to the UCI Regulations as if they had lost their heat and will score the equivalent UCI points. Any disqualified team (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these teams will remain vacant.
2. In the case of a first round, all teams competing and finishing in this round, but not advancing to the final, other than in the case of disqualification, will be classified according to their times from this round.
3. In the case of a first round, all teams competing and not starting (indicated as DNS) or not finishing (indicated as DNF) in this round, shall be ranked after group 2 according to the UCI Regulations, and will score the equivalent UCI points.
4. In the case of a first round, any teams having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these teams will remain empty.
5. All teams competing in the qualifying round, and finishing, but not qualifying, will be ranked with the next available rankings after group 4, or 1 as applicable, and will score the equivalent UCI points.
6. All teams not finishing the qualifying round, either because of a recognised mishap, or because of not being allowed to restart (indicated as DNF), will not be assigned a rank, and will score no UCI points.
7. All teams not starting the qualifying round (indicated as DNS) will not be assigned a rank, and will score no UCI points.

8. All teams competing in the qualifying round and having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points.

F. Individual Pursuit

Riders who do not finish the qualifying round will be designated with one of the following according to the reason for them not finishing: Did Not Finish (DNF); Did Not Start (DNS); Disqualified (DSQ). These riders shall not progress to the next round of the event.

The final classification of the event shall be drawn up in groups as follows:

1. For all riders competing in the final round, any riders not starting (indicated as DNS), or not finishing (indicated as DNF) for any reason, will be considered to have lost their heat. These riders shall be ranked according to the UCI Regulations as if they had lost their heat, and will score the equivalent UCI points. Any riders having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points. Any ranking positions that would have been occupied by these riders will remain empty.
2. All riders competing in the qualifying round, and finishing, but not qualifying, will be ranked with the next available rankings after group 1 and will score the equivalent UCI points.
3. All riders not finishing the qualifying round, either because of a recognised mishap, or because of not being allowed to restart (indicated as DNF) will not be assigned a rank, and will score no UCI points.
4. All riders not starting the qualifying round (indicated as DNS) will not be assigned a rank, and will score no UCI points.
5. All riders competing in the qualifying round and having been disqualified (indicated as DSQ) will not be assigned a rank, and will score no UCI points.

G. Team Sprint

Teams who do not finish the qualifying round will be designated with one of the following according to the reason for them not finishing: Did Not Finish (DNF); Did Not Start (DNS); Disqualified (DSQ). These teams shall not progress to the next round of the event.

3.5.002 The World Record is the exclusive property of the UCI.

The UCI is the exclusive holder of all audio-visual, marketing and other rights relating to any attempt to set a world or any other record. The UCI may surrender those rights on any conditions that it may determine.

(text modified on 01.01.02)

3.5.003 Only the UCI may recognise and confirm a world record.

(text modified on 01.01.02)

3.5.004 The UCI shall keep an up-to-date list of the World Records and Olympic records which it shall publish regularly.

(text modified on 05.03.18, 01.08.23)

3.5.005 Records may be set during a competition or during a special attempt that shall also be ridden in accordance with the relevant UCI regulations.

Any special attempt requires the prior written authorization of the UCI. In this regard such authorization is subject to the requirements determined by the UCI including, but not limited to, requirements related to the UCI Anti-Doping Rules. Riders making a special attempt must be included in the UCI Registered Testing Pool and provide accurate and up-to-date whereabouts information and must be subjected to doping controls collected and analysed in accordance with Athlete Biological Passport programme as implemented by the UCI. If the rider is not in the Registered Testing Pool or does not have any Athlete Biological Passport, all the associated costs for testing the rider or any extra controls shall be borne by the rider.

Moreover, a special attempt must be authorized in writing in advance by the national federation of the rider(s). This authorization must reach the UCI no later than four months prior to the attempt.

Specific World Record attempts shall not take place during the World Championships competitions other than for the hour record.

Each application for the **Hour record** attempt must state a specific time and a single date for that attempt. **For the other World Record special attempts, the organiser (rider, national federation, team, or other) must identify a time window of maximum 2 hours in which the attempt must take place. The rider may make more than one attempt for the record provided that the attempts start within the declared 2 hours window.** In the event of a mishap, the attempt may be rescheduled for the day after the fixed date, **following the same principle.**

If the organiser wishes to alter the date or time after receiving UCI authorisation, it is imperative that all relevant parties be duly notified by the organiser, particularly with regards to the facilities, timekeeping, commissaires and doping control. Furthermore, the organiser shall submit a formal request for authorisation to the UCI, accompanied by a statement confirming that all necessary measures have been taken to ensure full compliance with the applicable provisions.

(text modified on 01.01.02; 15.05.14; 1.02.15; 01.10.19, 01.01.25)

3.5.006 The public and the Press shall be able to attend World Record attempts for their full duration.

3.5.008 Records must be set on a UCI-approved track.

Only bicycles admitted by the Track Race Regulations may be used.

A starting block shall be used in all specialities with a standing start, including the hour record.

3.5.009 If the record attempt takes place in a country other than that of the National Federation of the rider, both Federations shall reach a written agreement which shall ensure that the attempt may be made under the best possible circumstances, especially with regard to policing services, timekeeping, commissaires and the drug test. A copy of this agreement must be provided to the UCI no later than four months prior to the attempt.

(text modified on 01.01.02; 01.10.19)

3.5.010 Any costs incurred by the attempt shall be met by the rider (including the travel and accommodation costs of the international commissaire and the Doping Control Officer, the laboratory costs and other UCI expenses).

If the attempt takes place in some other country, the National Federation of that country shall be entitled to be reimbursed any expenses it may have had to incur.

The rider's National Federation shall be held jointly liable for paying costs incurred by the attempt.

Time-keeping

- 3.5.011** Record attempts shall be electronically timed lap by lap to the nearest thousandth of a second.
- 3.5.012** Electronic time-keeping of hour record attempts must be accompanied by a system of manual time-keeping. That time-keeping shall be conducted by two timekeepers approved by the National Federation of the country where the attempt takes place.
- 3.5.013** Recorded times shall be entered on the time-keeping sheets that then have to be signed by the timekeeper that fills them in.

Verification

- 3.5.014** A record set during a competition shall be confirmed only if a UCI international commissaire has been monitoring the race as member of the commissaires' panel and signs the report referred to in article 3.5.016.
- 3.5.015** Any record attempt shall be authorised in writing beforehand by the National Federation of the country where the attempt takes place. The National Federation shall appoint a UCI international commissaire to supervise the attempt. For an hour record attempt, the commissaire shall be appointed by the UCI.

(text modified on 15.05.14)

Report

- 3.5.016** A succinct report specifying the circumstances in which the record has been set shall in all cases be drawn up on the models provided by the UCI. The report shall be immediately written and signed by the UCI international commissaire and by at least one other official present and by the rider(s) who set the record.

See appendix 1

(text modified on 01.01.02)

- 3.5.017** The UCI international commissaire shall then send the report, with the original time-keeping sheets, to the UCI.

Doping Control

- 3.5.018** A World Record shall only be validated upon the requirement that the rider in question submits to a doping control immediately after the end of the race. For team events, all team members who have set the new record shall undergo a doping control.

The doping control shall be carried out in accordance with the UCI Anti-Doping Rules.

The record shall only be confirmed on the basis of a certificate issued by the WADA-accredited laboratory indicating that the analysis of the sample did not turn out positive (i.e. no adverse analytical finding was declared).

- 3.5.020** A record beaten the same day shall not be confirmed.

3.5.021 Records established during Nations Cup rounds, World Championships and Olympic Games may be confirmed by a certified copy of the official result communiqué, signed by the Chief Commissaire and by the UCI Technical Delegate. In case of disagreement, a request for conformation may be lodged with the Management Committee pursuant to the following articles.

(text modified on 01.01.02; 10.06.05)

3.5.022 Notwithstanding the application of article 3.5.021, a World Record shall be recognised only if confirmed by the UCI.

3.5.023 A request for confirmation shall be lodged by the rider that set the record or by his National Federation. To be considered, the request shall have reached UCI headquarters at the latest one month after the date the record was set.

3.5.024 If the UCI considers that there exist circumstances opposing confirmation, it shall invite the rider or his representative to elucidate those circumstances before taking a decision. If that is not done and if the record is not confirmed, the rider may lodge an appeal with CAS.

TECHNICAL SPECIFICATIONS AND VELODROMES HOMOLOGATION

§ 6 Velodromes

3.6.064 Track competitions included on the UCI International calendar must be held at a UCI-homologated velodrome. As an exception to the above, the UCI may accept inclusion of non-homologated velodromes on the International Calendar, provided that they fulfil all required guarantees in terms of safety.

Track competitions included on a national calendar may be held at a nationally homologated or a UCI-homologated velodrome.

(text modified on 14.10.16)

3.6.065 A velodrome will not normally be homologated by the UCI unless it meets the following conditions.

(text modified on 14.10.16)

3.6.066 The stability and resistance of the materials and fixings which make up the structure of the velodrome shall meet the legislation regarding construction and safety of the country in which it is built and shall take account of specific geological and climatic conditions.

These elements, along with general compliance of the construction and construction materials with technical standards and good practice, remain the exclusive responsibility of the owner, contractor, architect, consulting engineer, proprietor, operator, user, organiser or others, in accordance with local legislation or regulations. The UCI is exempt from any responsibility in this regard.

Homologation of the velodrome by the UCI rests not on the technical and structural characteristics of the velodrome, but solely on the compliance of its external features with the provisions of the present paragraph at the time of the inspection. The UCI is not liable for any faults or defects which lie out-side the scope of such homologation, or which appear or come to light subsequent to the inspections on which such homologation is based.

§ 10 Bank guarantee of UCI Track Team

(articles introduced on 25.10.21)

- 3.7.030** For each registration year, a UCI Track Team or any formation applying for this status must set up a first-demand bank guarantee (abstract guarantee) in favour of its National Federation, using the model set out in article 3.7.040.

3.7.031 The purpose of that guarantee shall be:

1. to defray debts incurred for the year of registration, in accordance with the procedure set out below, incurred by the sponsors and the team representative to firstly the riders and secondly any other person contracted for the operation of the UCI Track Team and to cover the payment of any fines imposed as a result of the application of the UCI regulations;
2. to defray the payment of expenses, indemnities, fines and sanctions or sentences imposed under or as a result of the application of the regulations of the UCI or the responsible National Federation or associated with their application. For the application of provisions regarding the bank guarantee companies through whom the licence holders concerned carry out their activity for the operation of the UCI Track Team shall be considered as members of that UCI Track Team.

- 3.7.032** The minimum total amount of the bank guarantee shall be the higher of:
- 15% of the total pay due to the riders and other staff (whether employees or self-employed);
 - a minimum sum of EUR 10,000 (ten thousand euros) – to be indexed by country in accordance with the UCI table.

3.7.033 For the first registration year, the guarantee shall be valid from 15 days prior to the UCI Track Individual Classification period start of the first registration year until 31 December of the following year. From the second registration year, and for the following years, the bank guarantee may stipulate that it may be called upon at the latest as of 1st April following the registration, including for the sums due in January, February and March. In any case, the bank guarantee shall be valid until 31 December after the registration year covered by the guarantee.

Calling up the bank guarantee

3.7.034 The National Federation shall call up the bank guarantee in favour of the creditor specified in article 3.7.031 except where there are clearly no grounds for the claim. The UCI Track Team shall be notified of the creditor's claim and the call on the guarantee.

The National Federation may set an appropriate indemnity for any call on the guarantee.

3.7.035 The actual payment to the creditor shall not take place until one month after the calling up of the guarantee. If, in the interim, the UCI Track Team raises a reasonably justifiable objection to the payment of the money to the creditor, the National Federation shall pay the sum at issue into a special account and shall subsequently distribute it in accordance with any agreement reached between the parties or according to an enforceable legal decision.

3.7.036 If the creditor has not introduced his claim against the team representative before the body designated in his contract or the body which he regards as competent on some other basis during the three months following the date of his call on the guarantee, the team representative may apply to the National Federation to have the blocked funds released in his favour.

The funds shall be released should the creditor fail to take proceedings within one month of the despatch of notice by the National Federation or to submit proof of such proceedings within the following fifteen days. Should the body before which proceedings are taken declare itself not competent to rule, the creditor shall resubmit his claim within one month of being informed of the decision.

Failing this the team representative may apply to the National Federation to have the blocked funds released in his favour. The funds shall be released should the creditor fail to take further proceedings within one month of the despatch of notice by the National Federation or to submit proof of such proceedings within the following fifteen days.

3.7.036 bis Any creditor having called-up the bank guarantee shall keep the National Federation informed of all follow-up action and proceedings initiated before the competent decision-making body. If the creditor fails to provide the National Federation with information regarding the status of proceedings before the competent decision-making body during a period of three years as from blocking of the funds by the National Federation or as from the last notification from the creditor, the UCI shall release the funds in favour of the team representative after having deducted any

amounts due to the UCI or the National Federation in accordance with article 3.7.034 to 3.7.037.

3.7.037 If the debt submitted exceeds a sum equal to 15 percent of the annual contractual benefits, only a total amount corresponding to 15 percent of the annual contractual benefits shall be paid out in the first instance, provided that the conditions of payment are fulfilled. The acknowledged balance of the debt may be paid from the global guarantee on condition that the latter would not be exhausted at the end of its period of validity. In the event that there are several creditors, the available balance of the guarantee will be allocated proportionally between them.

3.7.038 A UCI Track Team whose guarantee is drawn upon shall be automatically suspended if the guarantee is not made up to its full amount within one month.

3.7.038 bis Whenever a competent authority pronounces the opening of liquidation or bankruptcy proceedings against the team representative, the National Federation may release the bank guarantee in favour of the liquidation or bankruptcy administration, upon request from the competent authority.

3.7.039 The creditor must submit his application to the National Federation for the guarantee to be called up by 30 days before its expiry date at the latest. Documentary evidence must be provided with the application. Failing this the National Federation is not obliged to call up the guarantee.

Model bank guarantee

3.7.040 The present bank guarantee is issued under the terms of Article 3.7.030 of the Cycling Regulations of the UNION CYCLISTE INTERNATIONALE for the purpose of guaranteeing, within the limits set in those regulations, the payment of sums due by the UCI Track Team [name] (team representative: [name of team representative]) to riders and other creditors covered in article 3.7.031 of those Regulations as well as the payment of expenses, indemnities, fines and sanctions or sentences imposed under or by consequence of the regulations of the UCI.

The aforementioned payments shall be made on reception of a simple request regardless of any objection raised or exception taken by anyone whomsoever. The request shall require no justification.

The present Guarantee shall remain in effect until [the last day of the third month following the end of the relevant season]

Any call on the present guarantee must be received by the bank no later than [last day of the third month following the end of the relevant season].

Chapter X RACE INCIDENTS AND SPECIFIC INFRINGEMENTS

(chapter introduced on 12.06.20)

§ 1 Race incidents concerning riders, teams and other licence holders in the context of track competitions

General provisions

3.10.001 The infringements related to race incidents observed in the context of track events are sanctioned as set out in the table of race incidents defined in article 3.10.008, in accordance with article 12.4.001.

Warnings, relegations and disqualifications may also be imposed for non-regulation sporting conduct that impacts, or has the potential to impact, the outcome of the race, notwithstanding the fine provided for in article 3.10.008. Proper sporting conduct is described in Part 3 Chapter 2 of these regulations.

Sanctions given by commissaires shall be noted in the communiqué of the commissaires' panel and will be sent to the UCI.

3.10.002 The provisions of Part 12 of the UCI Regulations apply to infringements committed in the context of track competitions.

Warnings - disqualification

3.10.003 Any offence not specifically penalised and any **dangerous or unsportsmanlike** behaviour may be punished

by a warning, indicated by a yellow flag, or by disqualification, indicated by a red flag, according to the gravity of the fault, notwithstanding the fine provided for in article 12.3.005. On each occasion the commissaires will indicate at the same time the race number of the faulting rider. The warning and disqualification are relative to one competition only.

If a rider is relegated in an event, that relegation may also carry with it a warning, depending on the gravity, intent and impact of the fault.

If a rider is issued a warning in an event, the warning will also be carried to the other events within the same competition. A rider receiving a second warning, **within the same event is disqualified from the event and for the rest of the competition. A rider receiving 3 warnings in a competition**, or being relegated for the third time, is disqualified for the rest of the competition.

A rider disqualified in an event for **dangerous or unsportsmanlike** behaviour is effectively disqualified for the entire competition.

Unless otherwise stated, sanctions are to be applied “per infringement” and “for the licence holder involved”. When a penalty is imposed regarding “points from UCI rankings”, the points will be removed from the event specific UCI rankings in which the rider/team may be ranked. As a consequence, the sanction will also impact other UCI rankings that are calculated on the basis of the points scored by the rider/team in an event ranking.

Unless otherwise stated, sanctions for a Team Manager and/or Coach are given to the Team Manager in charge of the team.

If a licence holder cannot be specifically identified by the Commissaire(s), a fine may be imposed directly on the team or the Team Manager in charge of the team.

Upon the request of the sanctioned licence holder, the president of the commissaires’ panel will provide the reasoning behind the sanction applied.
