1. Message from the President

Dear Athletes and Federations,

The Paraguayan Cycling Federation (FPC) is pleased to invite all track cyclists from the various cycling federations across the Americas to participate in the 2025 Pan American Track Championship, which will take place from April 1st to April 6th in the city of Asunción, at the Velodrome located within the Paraguayan Olympic Committee facilities. This venue was previously used for the Asunción 2022 Games and will also host the 2025 Junior Pan American Championship.

The event's organization is fully prepared to welcome all riders to this continental competition, and we strive to make your stay an unforgettable experience.

We look forward to welcoming you personally in Asunción, the Mother of Cities, and we hope that all participants will achieve their best performances in this event.

Sincerely,

Mateo Zaldivar

President, Paraguayan Cycling Federation

2. The City

Asunción is one of the oldest cities in South America and was, for a long time, the main city of the Río de la Plata basin. Juan de Salazar de Espinosa arrived at a Guaraní village and founded a fort there on August 15, 1537 (the day of the Assumption of the Virgin Mary into heaven). Because of this, he named it Nuestra Señora Santa María de la Asunción. The city became a strategic point for the foundation of more than 70 cities across South America, earning it the title "Mother of Cities."

3. Currency

The currency of the Republic of Paraguay is the **Guaraní**, with an exchange rate of approximately **7,900 per 1 US Dollar** (as of today's date).

4. Language

One of the most distinctive features of Paraguayan culture is the coexistence of **Spanish and Guaraní**, both of which are the country's official languages. The mixture of these languages is known as **Jopará**.

5. Climate

Source: www.meteorologia.gov.py

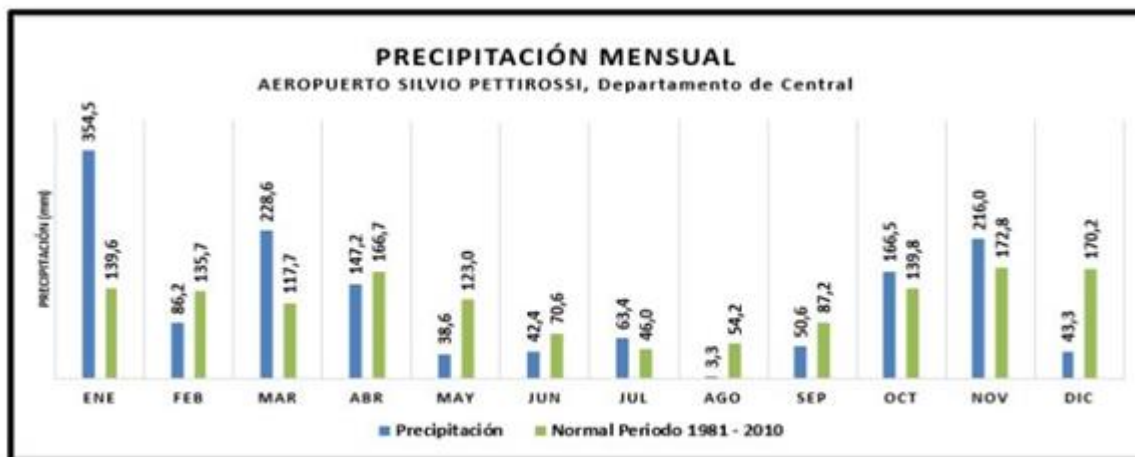

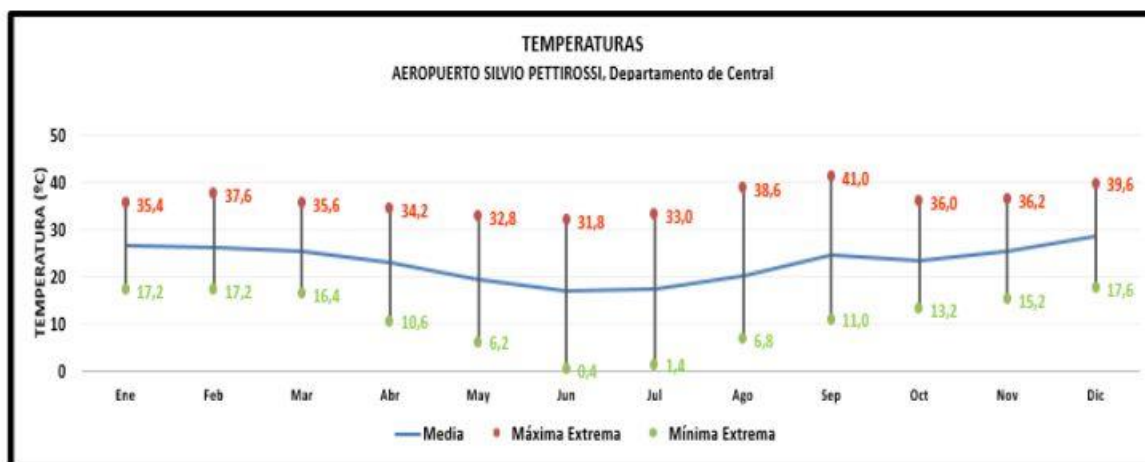

Ilustración 39. Temperatura media mensual y valores extremos mensuales de la máxima y mínima.

6. Voltage and Standard Plug

- Voltage: 220 V
- Frequency: 50 Hz
- Plug Type: C

In Paraguay, the standard voltage is 220 V, and the frequency is 50 Hz. The plugs and sockets used are Type C.

In the following images, you can see the types of plugs (pins and sockets).

The need for an adapter or converter depends on the voltage, frequency, and plugs used in your country. The plugs used in Paraguay are Type C.

7. Date and Track Location

2025 Pan American Elite Track Championship, to be held from April 1st to April 6th in the city of Asunción, at the Velodrome located within the Paraguayan Olympic Committee facilities. This is the same venue used for the Asunción 2022 Games and the 2023 Junior Pan American Championship.
