

2026

Pan American Track Championships  
Santiago de Chile

Dear Presidents,

Chile has been appointed as the host country of the Pan American Track Cycling Championships – Santiago 2026, which will take place from February 16 to 22, 2026.

We have the honor of officially inviting your country to participate with its delegations of athletes, officials, and leaders. It will be a great privilege to welcome you to this important continental event, and we are fully committed to ensuring that your stay in Chile is a pleasant, memorable, and truly rewarding experience.

The Chilean National Cycling Federation sincerely thanks you for being part of this major sporting event and extends to you its warmest welcome. Santiago, our capital city, offers many tourist attractions, and we encourage you to take some time between competitions to enjoy and explore our city.

We sincerely hope to count on the presence of your country at this important sporting event for our continent.

Yours sincerely,

**JORGE ESPINOZA ROSALES**

**PRESIDENTE**

**FEDERACIÓN DEPORTIVA NACIONAL DE CICLISMO DE CHILE**

## The City

Santiago de Chile is located in the Metropolitan Region, within a geographical formation known as a “basin,” as it is surrounded by the Coastal Mountain Range to the west, the majestic Andes Mountains to the east, and bounded to the north and south by mountain ranges extending from the Andes. It is the capital of Chile, with a population of 7,112,808 inhabitants (according to the latest 2017 Census), and was one of the main settlements during the colonial period.

The Metropolitan Region is composed of 52 municipalities, most of which are urban areas; in fact, only 18 are classified as rural.

## Competition Venue

The Peñalolén Velodrome, also known as the Santiago Velodrome, is a cycling velodrome located within Peñalolén Park, in the district of Peñalolén, in the city of Santiago, capital of Chile. It was inaugurated in March 2014 as part of the infrastructure built for the 2014 South American Games.

It is considered one of the best velodromes in South America due to its modern facilities and its full compliance with all UCI (Union Cycliste Internationale) standards. The venue is an indoor stadium with a seating capacity of 3,000 spectators.

## **Velodrome Characteristics:**

We recently had the honor of hosting the **UCI Track Cycling World Championships – Santiago 2025**, during which this venue was renovated to achieve the successful results experienced at the event.

The legacy of this World Championship leaves us with the challenge of continuing to work for the development of track cycling at the continental level, with the aim of fostering and developing future world champions in our region.

## **Currency**

The official currency of the Republic of Chile is the **Chilean Peso (CLP)**. Its exchange rate fluctuates against the US dollar, with an approximate rate of **CLP 920 per USD**.

## **Language**

Spanish is the official language of Chile. It coexists with a variety of other languages spoken by different migrant communities that have arrived in the country at various periods of its history, as well as with indigenous languages.

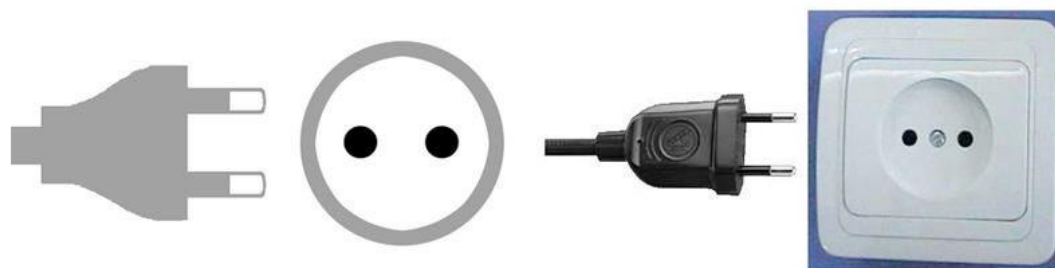

## **Climate**

During the month of February, temperatures range between 11°C and 30°C, with an approximate thermal sensation of around 32°C inside the velodrome between 3:00 p.m. and 5:00 p.m.

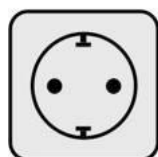

## **Standard Voltage and Plug Types**

The following are the standard voltage and frequency of the alternating current used in Chile:

- **Voltage:** 220 V
- **Frequency:** 50 Hz
- **Plug types:** Type C, D, E, and F

### Date and Venue Location

- **Event dates:** February 16 to 22, 2026
- **Venue:** Peñalolén Park Velodrome
- **Address:** Volcán Antuco Street 8074, Peñalolén, Santiago – Chile

<https://maps.app.goo.gl/AjWJSULyLnbXQkG47>

## **General Information**

**Organiser:** Federación Deportiva Nacional de Ciclismo de Chile – FEDENACICH

**Website:** [www.fdnciclismochile.cl](http://www.fdnciclismochile.cl)

**Email :** [panamericanociclismo@gmail.com](mailto:panamericanociclismo@gmail.com)

## **Accommodation and Meals**

Each delegation will be responsible for arranging its own accommodation and meals. However, the Organizing Committee will provide all delegations with a list of recommended accommodation and dining services.

## **Airport**

Santiago's international airport is known as **Comodoro Arturo Merino Benítez International Airport**, located in the district of **Pudahuel**.

. There are several transportation options available from the airport:

- **Official transportation provided by the Organizing Committee**
- **Public transportation**
- **Car rental services**

<https://maps.app.goo.gl/MSvsGpWYyLAXcNZeA>

## **Medical Services**

- Primary medical care provided at the track.
- Transfer to the Military Hospital and nearby clinics, if required.
- Any medical care costs incurred at the official clinic or any other medical facility shall be the responsibility of the rider or their National Federation (**covered through UCI license insurance, where applicable**).
- The Chilean National Cycling Federation and any member of the Organizing Committee shall not be responsible for any medical expenses incurred outside the track.

## **Event Information**

### **Participants**

All riders holding a valid license issued by National Federations that are members of **COPACI**, and only those federations, shall be eligible to participate in the events of the Continental Championships.

The maximum number of participating riders shall be the same for all eligible federations.

### **UCI Categories**

- Elite / U23 Men and Women - According to Article 3.2.001, Junior riders in their last year (born in 2008) are eligible to participate.

## LOGISTICS INFORMATION

---

### ACCOMODATION

All accommodation, meal, and transportation expenses for the 2026 Pan American Track Cycling Championships must be covered by the participants.

Santiago is a tourist city with a wide range of hotels, but it is also a city with heavy traffic and considerable distances between points, so choosing a hotel in an unfavorable location can be inconvenient for teams and athletes.

The Organizing Committee, through a partner, offers a logistics service that includes hotel and meals. Rates include transfers between Arturo Merino Benítez Airport and the hotel upon arrival and departure for team members and staff.

Delegations that contract the Organizing Committee's logistics services will also have access to a special lane at the airport for immigration and customs procedures.

If a delegation decides not to use the Organizing Committee's logistics services, it must arrange privately for the transport of bicycles and equipment from the airport to the venue, as well as the transport of the team from the airport to their accommodation.

Reservations must be requested using the logistics pre-booking form attached to this document.

All hotels include:

- ✓ 24/7 Reception
- ✓ Rooms with luggage storage, private bathroom with 24/7 hot water, and complimentary toiletries (shampoo, towels, and soap) provided daily. Cable TV is included. Daily room and bathroom cleaning service.
- ✓ Wi-Fi available.
- ✓ Accommodation and equipment management services.
- ✓ Personalized assistance from our support team for logistics inquiries, services, and coordination.

After completing the accommodation/transportation booking form, a pre-booking for the requested accommodation will be made, which will only be confirmed upon receipt of a 50% deposit. Failure to pay the invoice within 15 days of its issuance will result in the cancellation of the pre-booking.
